1. While under the influence of intoxicating liquor, any drug, a vapor releasing substance containing a toxic substance or any combination of liquor, drugs or vapor releasing substances if the person is impaired to the slightest degree.
  2. If the person has an alcohol concentration of 0.08 or more within two hours of operating or being in actual physical control of the motorized watercraft and the alcohol concentration results from alcohol consumed either before or while operating or being in actual physical control of the motorized watercraft.
  3. While there is any drug as defined in section 13-3401 or its metabolite in the person's body.

**ARIZONA GAME AND FISH LAWS AND RULES 2015-2016 SUPPLEMENT  
LEGISLATIVE AND REGULATORY UPDATES THROUGH OCTOBER 4, 2016**

- B. It is not a defense to a charge of a violation of subsection A, paragraph 1 of this section that the person is or has been entitled to use the drug under the laws of this state.
- C. A person using a drug prescribed by a medical practitioner who is licensed pursuant to title 32 and who is authorized to prescribe the drug is not guilty of violating subsection A, paragraph 3 of this section.
- D. The state shall not dismiss a charge of violating this section for either of the following:
  - 1. In return for a plea of guilty or no contest to any other offense by the person charged with the violation of this section.
  - 2. For the purpose of pursuing any other misdemeanor or a petty offense, including those arising out of the same event or course of conduct, unless there is clearly an insufficient legal or factual basis to pursue the charge of violating this section.
- E. In any prosecution for a violation of this section the state, for the purpose of classification and sentencing pursuant to section 5-395.01 or 5-396, shall allege all prior convictions of violating this section occurring within the past eighty-four months, unless there is clearly an insufficient legal or factual basis to do so.
- F. In a trial, action or proceeding for a violation of this section or section 5-396 other than a trial, action or proceeding involving operating or being in actual physical control of a commercial motorized watercraft, the defendant's alcohol concentration within two hours of the time of operating or being in actual physical control as shown by analysis of the defendant's blood, breath or other bodily substance gives rise to the following presumptions:
  - 1. If there was at that time 0.05 or less alcohol concentration in the defendant's blood, breath or other bodily substance, it may be presumed that the defendant was not under the influence of intoxicating liquor.
  - 2. If there was at that time in excess of 0.05 but less than 0.08 alcohol concentration in the defendant's blood, breath or other bodily substance, such fact shall not give rise to any presumption that the defendant was or was not under the influence of intoxicating liquor, but such fact may be considered with other competent evidence in determining the guilt or innocence of the defendant.
- 3. If there was at that time 0.08 or more alcohol concentration in the defendant's blood, breath or other bodily substance, it may be presumed that the defendant was under the influence of intoxicating liquor.
- G. Subsection F of this section shall not be construed as limiting the introduction of any other competent evidence bearing on the question of whether or not the defendant was under the influence of intoxicating liquor.
- H. If a blood test is administered, only a physician, a registered nurse or another qualified person may withdraw blood for the purpose of determining the alcohol concentration or drug content. The qualifications of the individual withdrawing the blood and the method used to withdraw the blood are not foundational prerequisites for the admissibility of any blood alcohol content determination made pursuant to this subsection.
- I. If a law enforcement officer administers a duplicate breath test and the person tested is given a reasonable opportunity to arrange for an additional test pursuant to subsection J of this section, a sample of the person's breath does not have to be collected or preserved.
- J. The person tested shall be given a reasonable opportunity to arrange for any physician, registered nurse or other qualified person of the tested person's own choosing to administer a test or tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person does not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.
- K. If a person under arrest refuses to submit to a test or tests under section 5-395.03, whether or not a sample was collected pursuant to subsection L of this section or a search warrant, evidence of refusal is admissible in any civil or criminal action or other proceeding. The issue of refusal shall be an issue of fact to be determined by the trier of fact in all cases.
- L. Notwithstanding any other law, if a law enforcement officer has probable cause to believe that a person has violated this section and a sample of blood, urine or any other bodily substance is taken from that person for any reason a portion of that sample sufficient for analysis shall be provided to a law enforcement officer if requested for law

**ARIZONA GAME AND FISH LAWS AND RULES 2015-2016 SUPPLEMENT  
LEGISLATIVE AND REGULATORY UPDATES THROUGH OCTOBER 4, 2016**

enforcement purposes. A person who fails to comply with this subsection is guilty of a class 1 misdemeanor.

- M. A person who collects blood, urine or any other bodily substance under this section or any hospital, laboratory or clinic employing or using the services of the person does not incur any civil liability as a result of this activity if requested by a law enforcement officer to collect blood, urine or any other bodily substances unless the person, while performing the activity, acts with gross negligence.
- N. A statement by the defendant that the defendant was operating a motorized watercraft that was underway and that was involved in an accident resulting in injury to or death of any person is admissible in any criminal proceeding without further proof of corpus delicti if it is otherwise admissible.
- O. At the arraignment, the court shall inform the defendant that the defendant may request a trial by jury and that the request, if made, shall be granted.
- P. For the purposes of this section, "alcohol concentration" means grams of alcohol per one hundred milliliters of blood or grams of alcohol per two hundred ten liters of breath.

**TITLE 13. CRIMINAL CODE  
CHAPTER 31. WEAPONS AND EXPLOSIVES**

**13-3108. Firearms regulated by state; state preemption; injunction; civil penalty; cause of action; violation; classification; definition**

- A. Except as provided in subsection G of this section, a political subdivision of this state shall not enact any ordinance, rule or tax relating to the transportation, possession, carrying, sale, transfer, purchase, acquisition, gift, devise, storage, licensing, registration, discharge or use of firearms or ammunition or any firearm or ammunition components or related accessories in this state.

This subsection does not prevent a political subdivision from adopting an ordinance or rule restricting the discharge of a firearm within one-fourth mile of an occupied structure without the consent of the owner or occupant of the structure. For the purposes of this subsection:
  - 1. "Occupied structure" means any building in which, at the time of the firearm's discharge, a reasonable person from the location where a firearm is discharged would expect a person to be present.
